Data learnings

Important issues

1. Big data needs to be made understandable
2. Data is formed into valuable data clusters
3. Well visualised data is easier to understand

How we use data

Main data learnings

Demographics	Interactions	Conversations	Benchmarks
Gender engagement	e-tron topic sensitivity	Conversation sentiment	Competition comparison
Gender social interest	Charging station preferences	Social interest development	Campaign performance
Demographic engagement	Brand interests	Platform trends	Topic awareness
Demographic interest		Weixin communication	Platform buzz
		Social exposure	App performance
			Demographic analysis
